THE REPLY FILED 24 March 2006 FAILS TO PLACE THIS APPLICATION IN CONDITION FOR ALLOWANCE. 1. ☑ The reply was filed after a final rejection, but prior to or on the same day as filing a Notice of Appeal. To avoid abandonment of this application, applicant must timely file one of the following replies: (1) an amendment, affidavit, or other evidence, which places the application in condition for allowance; (2) a Notice of Appeal (with appeal fee) in compliance with 37 CFR 41.31; or (3) a Request for Continued Examination (RCE) in compliance with 37 CFR 1.114. The reply must be filed within one of the following time periods:							
a) The period for reply expiresmonths from the mailing date of the final rejection. The period for reply expires on: (1) the mailing date of this Advisory Action, or (2) the date set forth in the final rejection, whichever is later. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of the final rejection. Examiner Note: If box 1 is checked, check either box (a) or (b). ONLY CHECK BOX (b) WHEN THE FIRST REPLY WAS FILED WITHIN TWO MONTHS OF THE FINAL REJECTION. See MPEP 706.07(f). Extensions of time may be obtained under 37 CFR 1.136(a). The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any examed patent term adjustment. See 37 CFR 1.704(b).							
NOTICE OF APPEAL 2. The Notice of Appeal was filed on A brief in compliance with 37 CFR 41.37 must be filed within two months of the date of filing the Notice of Appeal (37 CFR 41.37(a)), or any extension thereof (37 CFR 41.37(e)), to avoid dismissal of the appeal. Since a Notice of Appeal has been filed, any reply must be filed within the time period set forth in 37 CFR 41.37(a).							
AMENDMENTS 3. ☑ The proposed amendment(s) filed after a final rejection, but prior to the date of filing a brief, will not be entered because (a) ☐ They raise new issues that would require further consideration and/or search (see NOTE below); (b) ☐ They raise the issue of new matter (see NOTE below); (c) ☑ They are not deemed to place the application in better form for appeal by materially reducing or simplifying the issues for appeal; and/or (d) ☐ They present additional claims without canceling a corresponding number of finally rejected claims.							
NOTE: (See 37 CFR 1.116 and 41.33(a)). 4. The amendments are not in compliance with 37 CFR 1.121. See attached Notice of Non-Compliant Amendment (PTOL-324). 5. Applicant's reply has overcome the following rejection(s): 6. Newly proposed or amended claim(s) would be allowable if submitted in a separate, timely filed amendment canceling the non-allowable claim(s)							
7. For purposes of appeal, the proposed amendment(s): a) how the new or amended claims would be rejected is proposed. The status of the claim(s) is (or will be) as follows: Claim(s) allowed: Claim(s) objected to: Claim(s) rejected: 1,5,8-10,12-15,18,19,21 and 24-40. Claim(s) withdrawn from consideration: LECTION (TO SO THERE EVIDED TO SO THE EVIDED T	(⊠ will not be entered, or b) □ vovided below or appended.	viii be entered and an	explanation of				
AFFIDAVIT OR OTHER EVIDENCE 8. The affidavit or other evidence filed after a final action, because applicant failed to provide a showing of good and was not earlier presented. See 37 CFR 1.116(e).	nd sufficient reasons why the affida	avit or other evidence	is necessary

Tech Center 2.100 Tech Center of Paper No. 20060403 Continuation of 11. does NOT place the application in condition for allowance because:

In resposne to applicant's argument that Wolff does not teach wherein selection of the injectable control content initiates a functional operation upon the retrievable item identified by the link, it should be noted that, by applicant's own admission, checking a box adjacent to a document title on page 600 results only in selection data being transmitted to printer driver ... printer driver 255 is waiting for further instructions from client 210 on how to use the selected links (p 9, fourth paragraph). Even if the Office agrees with applicant's assessment of Wolff, the claimed limitation is still anticipated by Wolff, since Meriam Webster Dictionary defines initiate as to cause or facilitate the beginning of: set going. According to applicant's assessment, Wolff at least sets up, causes or facilitates the beginning of, and/or initiates a functional operation, which in this example is printing
